

STOL Tips

Largely based on the STOL Tips video series, we will examine how the multiple variables often found in the backcountry transcend POH book numbers. This will be an in-depth realistic discussion of how to maximize performance while diagnosing the health of your takeoff while operating in shorter rougher environments often found in the backcountry.

Directions: EAA Pilot Proficiency Center
AirVenture 2016

Venue location: Four Corners (Knapp Street & Celebration Way)

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
